Publications by Bo Kågström.

All publications are listed in reversed chronological order under each heading.

Books

Submitted Publications

Peer-reviewed Journal Publications and Invited Book Chapters

**Peer-reviewed Conference Proceedings Publications**

Notes

Several of the publications have also resulted in state-of-the-art scientific and library software that is publicly available (e.g., in Collected Algorithms of ACM, NETLIB: GEMM-based Level 3 BLAS, JNF and GUPTI, RECSY, SCASY, LAPACK, ScaLAPACK-style routines, SLICOT, StratiGraph).
